

GOODSENSE 2 Ton Pallet Jack For Indoor Use With Lithium Ion Battery

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GOODSENSE
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: Bare packaging
- Delivery Time: 30-40work days
- Payment Terms: T/T

Product Specification

- Name: Warehouse Handling Equipment
- Feature: Safe And Stable
- Place Of Origin: China
- Brand Name: Goodsense
- Condition: New
- Energy Supply: Reference Introduction
- Advantage: Simple Operation
- Highlight: **battery 2 ton pallet jack ,
Goodsense 2 ton electric pallet truck ,
lithium ion 2 ton pallet jack**

Product Description

Walkie Pallet Trucks

Exquisite mobility and operability, Human Factor Engineering AND PERFORMANCE INNOVATIONS

GOODSENSE 2 ton pallet jack offers a utility design for indoor use. These pallet trucks are ideally suited for a wide variety of applications such as loading docks, grocery stores, department stores, and for general warehousing & storage.

Volume is key in any warehousing or retailing application. GOODSENSE helps you boost yours with our line of walkie motorized hand pallet trucks. This line of lift truck's exquisite operability stems from legendary GOODSENSE ergonomics and performance innovations. Built to Handle Your Harshesht Environments.

The Extreme Corrosion/Wash Down Package includes a completely plated frame, lift linkage, battery well and fork weldment. The plated frame pallet truck is designed for use in highly corrosive environments like food processing, pickling, tannery, chemical, salt and brine industries.

Reduced wiring complexity and fewer service parts contribute to less required maintenance and longer truck life.

Motorized Walkie Pallet Truck

Drive your operation to new levels of productivity

Engineered with a small footprint and productivity-enhancing features, the walkie pallet truck provides operators the confidence to move loads quickly and efficiently. Exceptional ergonomic comfort, along with a heavy duty, reliable design, the walkie pallet truck is ideal for retail store operations, home centers, warehousing and distribution, food and beverage, manufacturing, trucking and rentals.

Industry exclusives to help boost operator productivity

Smart Slow Down automatically reduces truck speed in cornering, helping provide greater load stability and operator confidence

2 ton pallet jack allows operators to begin transporting pallets before the unit is at full lift, helping shave seconds off of each pick.

Optional Direct Store Delivery (DSD) package with lithium-ion battery and exclusive handle design help provide optimal control and maneuverability in and out of trailers and in tight store aisles. Our movable load backrest accommodates loads and pallets of multiple shapes and sizes with a single fork configuration.

Stand up to your toughest challenges

Hardened flag pins at all connections are 14% larger than the competition

Resistant to rusting and seizing up when wet

Bronze bushings with 2x thicker wall than the competition

'x' groove bushings at all pivot points helps retain grease, reduce wear and/or frequent replacement

Wash-down packages are available to protect equipment with the durability of galvanized steel designed especially for corrosive environments and frequent wash-downs

Ergonomic features to help keep operators comfortable

Shorter, mid-mounted handle moves the operator closer to the truck, helping maximize both visibility and maneuverability

Light hold-down effort for tiller requires little exertion by the operator to move the handle to the run zone and easily maintain its position there
